MRS. MILLER

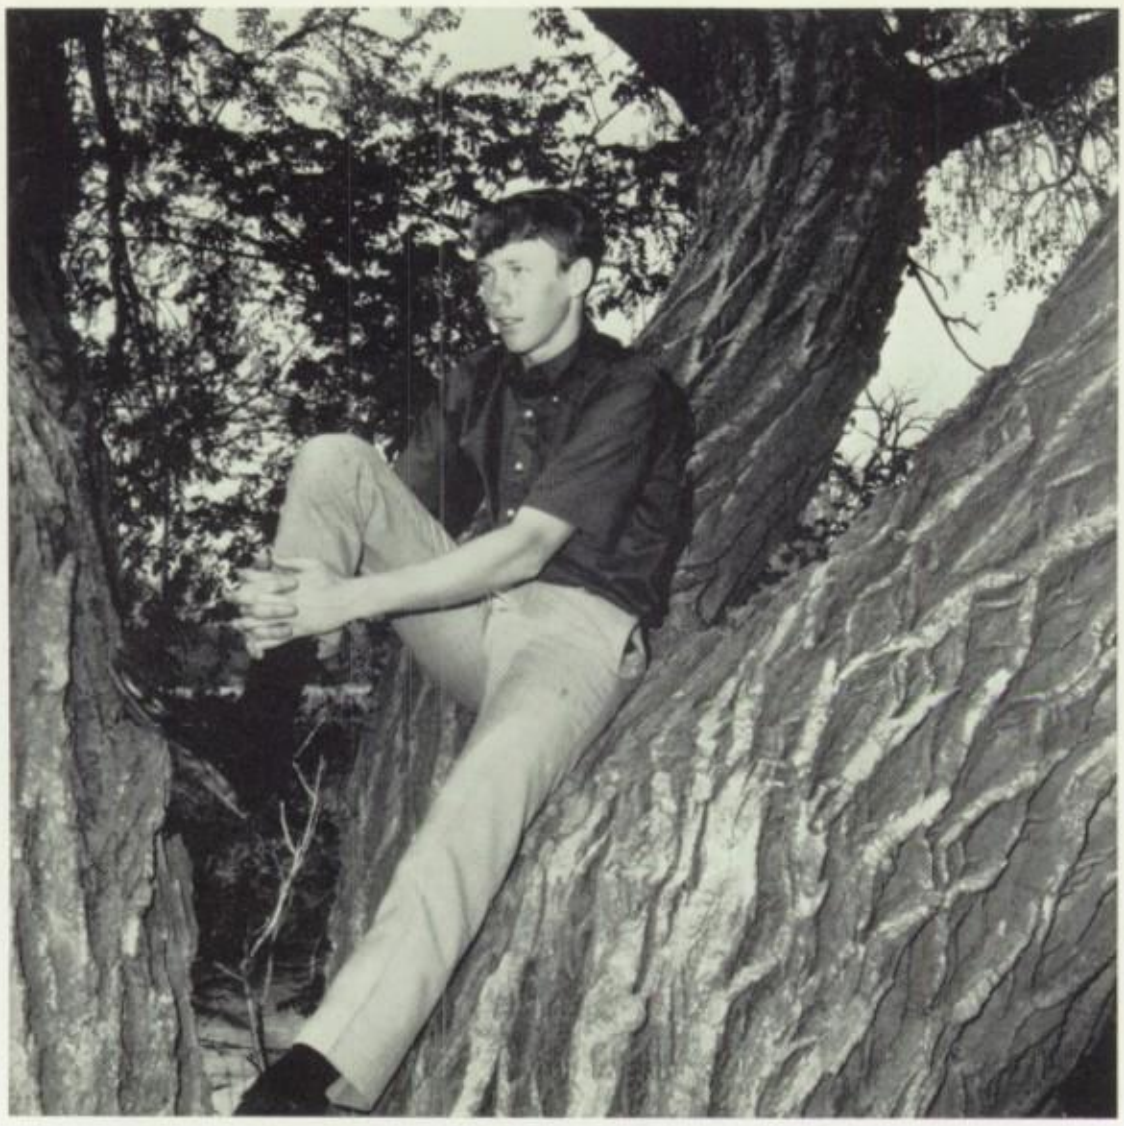
Dedication

The staff of the 1970 WARRIOR has chosen to make a tri-dedication of our yearbook. This year three members of the Hammon Faculty are retiring after teaching in the state of Oklahoma for a total of 103 years. 50 of these years have been devoted to the students of Hammon School District. Mrs. Mary Miller has taught a total of 50 years - 23 in the Hammon School District. Mr. and Mrs. A. D. Shewmaker have taught 30 years each - 15 of these at Hammon.

We can think of a no more noble purpose than for a person to devote their life to helping others, and this dedication has well been exemplified in the lives of these three persons.

The students of Hammon School, past and present, deeply appreciate the immeasureable values and traditions you have helped to integrate into our lives.

THANKS



The 1970 "WARRIOR" is a students view of a year that has become only a memory.

The year 1970 will rapidly become almost indistinguishable from all that have gone before and will follow; but what time erases, this book will preserve, the year as the students saw it at Hammon High.

As editor, I would like to thank the members of the "WARRIOR" staff for their work and cooperation. I would also like to thank Mrs. Donna D'Achille for her assistance.

We hope you will enjoy this "WARRIOR."

Sincerely,

Mike Dean.

Mike Dean,
Editor

Annual Staff

STANDING: Mike Tomberlin, Cynthia Carpenter, Rhonda Trout, Mike Dean, Dennis Hibler. SITTING: Mary Lynn Estes, Tonda Dean, Diana Hodge, Arla Long, Mrs. D'Achille, Advisor.

Superintendent's Message

You, the students of the Hammon School, are to be congratulated on another year of outstanding achievement as recorded in the pages of this book.

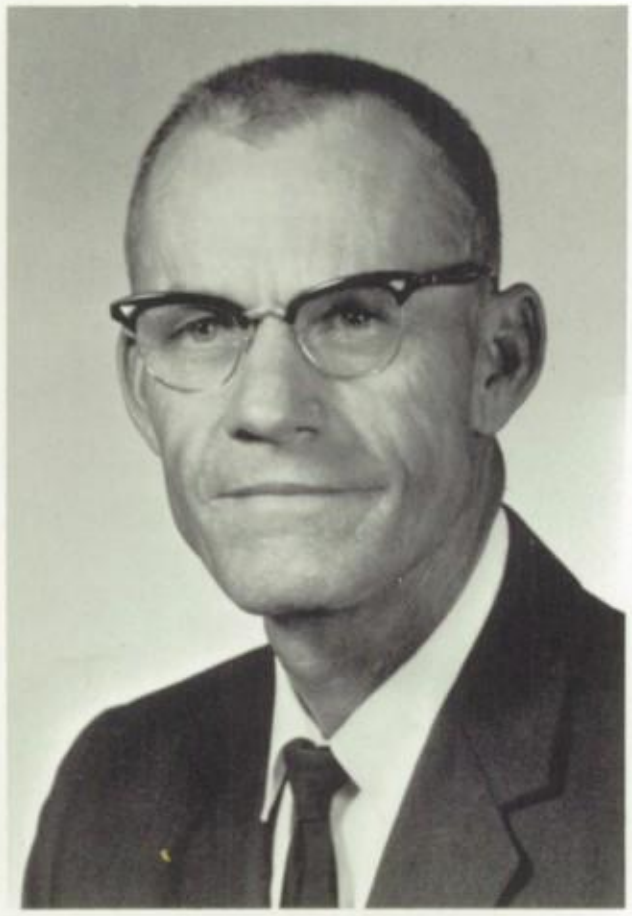
In an age when knowledge and training are of ever increasing importance, it is my hope that your high school experiences will prove to be adequate foundation on which to build a satisfying life.

Congratulations to the Seniors, and best wishes to you.

Sincerely,

Eldon Payne

Eldon Payne



Dear Friends:

We as teachers have an obligation to present to the students material that they can and should learn. But the students have an obligation, to help make the school room a place conducive to learning, by doing all they can to learn, by being present and not trying to disturb the class all the time.

The "learning process" takes the cooperation of both teachers, parents and students to make the "learning process" a meaningful success.

A devoted student and teacher are an essential combination in the "learning process."

I hope the time spent at Hammon will be profitable for both students and teachers. It has been for me.

Sincerely,

A. D. Shewmaker

A. D. Shewmaker
High School Principal

Congratulations students for completing another year of schooling. This year has brought you another step down the rocky road of life.

As you thumb through these pages you will recall many of the things that have made this an eventful year. The pictures will show how students competed, worked, and played together.

My thanks to the WARRIOR Staff and their sponsor for bringing us this "memory book" of the school year 1970.

Sincerely,

David B. Lamb
